

TO REMOVE DANDRUFF

Get a bottle of Dandruff at any drug store, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications will destroy every bit of dandruff; stop scalp itching and falling hair.—(Adv.)

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

Look at Tongue! If feverish, bilious, constipated, take no chances.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs." and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "innies" clean and sweet. Keep it handy, Mother! A little given today saves a sick child to-morrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—(Adv.)

Influenza, Cold, Pneumonia, Sore Throat

Yields Quickly to Antiseptic Treatment.

Many are finding relief from Influenza, Colds, Sore Throat and perhaps pneumonia by using Miller's Antiseptic Oil (known as Snake Oil). Its great penetrating, pain-relieving qualities insure almost instant relief when applied freely on the chest or throat, well greased when first symptoms arise. The Oil penetrates through to the affected parts and tends to open up the air passages, making breathing more easy, relieving the pains. And for the cough a few drops on a lump of sugar usually brings prompt relief. Don't fail to have a bottle on hand when the attack comes on, and if used according to directions results are assured, or your money refunded. On sale by City Drug store. 30c, 60c and \$1.00 bottles.—(Adv.)

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily.

Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.—(Adv.)

LEMON JUICE WHITENS SKIN

Girl! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quart of the best bleaching and skin whitening lotion, and complexion beautifier, at very small cost.

Your grocer has the lemons and a drug store or toilet counter will supply three ounces of Orchard White for a few cents. Exchange this fragrant lotion into the face, neck, arms and hands each day and see how tan, redness, sallowness, sunburn and windburn disappear and how clear, soft and rosy-white the skin becomes. Yea! It's harmless.—(Adv.)

HE'S A GOOD RUNNER

Dan Hinkle Admits He Has Led His Squad Over There Safely on Several Occasions

Writing from "over there" during the last days of October, Dan Hinkle, with the fifty-first infantry, says: "The weather is playing into our hands, and most any time now you may expect to hear Fritz squeal 'enough.' The more we see of the brutality of those beasts in human form, the more determined we are to make a complete finish of them. America, of course, has felt the impact of the collision; some of the boys won't come back, and the folks at home have bent all their energies to win the war, but if you could look on things over here it would convince you that we have escaped unscathed in comparison. Every man in France played a part in the peace of a soldier is in uniform, and the women are doing all kinds of men's work. They are away behind the lines, and they drive cars instead of horses and mules. There were no mules over with us here. A horse may come and autos may go, but where you find a Yankee army you'll find the proper machinery of war. The boys are everywhere. We may have to occupy some portions of Europe for a long time after the war is over. That's the way it will be. The boys are everywhere. The sickness will strike the boys. After the war about the mail over faster than ever. It's the best of panacea for the blues ever invented.

"For the first time in two months, day or night, we have taken the gas masks off. We've been through a few gas attacks, but only a few got the dose. "After a nice rest in safe quarters, we are now ready to plunge again. Being the fastest runner in the company, I have been appointed company leader, and several times have led them to safety. We laugh at ourselves now about the way we ducked the first time we took our baptism of fire. It is funny to us now, but it wasn't funny then."

WHAT ABOUT CALENDARS?

Scarcity of Paper Will Cause Reduction of These Useful Articles

Where are the new year calendars to come from—that article of usefulness which adorns the walls of every well-regulated office and home? Banks, medicine companies and corporations in the past have supplied them in profusion. Some have been works of real art, some reproduced from famous and historic paintings. Before calendars came into such general use the old-fashioned almanac hung on the wall and was resorted to daily to find the future state of the weather and the time to kill hogs. Billy Possum and the calendar then came and the almanac became a back number.

The shortage of paper and its disposition to flit with the aviators is given as a reason why calendars will not be so numerous as they have been for many years.

DENIES RUMOR

McAdoo Will Not Become Affiliated With Ford Interests

Montgomery, Ala., Nov. 28.—Secretary of the Treasury William G. McAdoo, during his stay here yesterday afternoon, denied explicitly through his secretary, Anson A. Price, reports being circulated that Mr. McAdoo would probably become affiliated with the interests of Henry Ford, the Detroit automobile manufacturer. Mr. Price stated that Secretary McAdoo proposed to "take a complete rest directly after relinquishing his duties as secretary of the treasury and railroad director, and would probably spend three months of his vacation in California."

SPLIT RAIL, THE CAUSE

Atlantic Coast Line Train Derailed; Nine Killed

Charleston, S. C., Nov. 28.—According to advices received here this morning at the Atlantic Coast Line chief dispatcher's office, there was no loss of life among passengers on through south-bound train No. 80, which was derailed a short distance below Kingstree, S. C., about one o'clock this morning. Engine No. 100 and his fireman being killed. Many of the passengers were violently shaken, but a colored woman was the only one injured so severely as to necessitate taking her to a hospital. A baggage master was also hurt. It will be ten or twelve hours before the tracks are cleared. Meanwhile, service is maintained with some delay by detouring trains by way of Sumter, Florence and Lanes. A split rail is supposed to have caused the wreck. Several coaches were derailed.

LOG TRAIN HITS CABIN

Tennessee Mountain Family Dead in Wreckage

Maryville, Tenn., Nov. 28.—Three persons were killed and four injured near here today when a logging train got out of control of its crew and crashed down the mountain slopes at Slick Rock into the wagon of Benj. Sloane, his 15 year old daughter and Mrs. Robert Brown were found dead in the wreck of the house. Mrs. Sloane, Robert Brown and two of the Sloane children escaped with injuries. The members of the train crew jumped and were not hurt. Failure of the brakes to work was said to have caused the train to become unmanageable. It gained speed and finally jumped the track.

COUNT CZERNIN EXPLAINS

Copenhagen, Nov. 28.—Vienna newspapers publish a letter from Count Czernin, former Austro-Hungarian foreign minister, explaining an alleged American peace offer. Czernin says it was one of many cases in which unauthorized private individuals tried to accelerate the return of peace. In this particular case, he says, a manufacturer made overtures but was unable to prove that he was accredited by American or any other government.

FRAULEIN'S DIARY GLOOMY—HOW GERMAN FELT OVER LOSS OF WAR

(London Times-Pall. Ledger Co. Cable.)

Amsterdam, Nov. 18.—(By mail.)—Fraulein Gertrud Blaumer's diary in Die Hilfe, of Berlin, contains interesting sentimental entries during the month of October. They doubtless represent what many ordinary Germans felt—or thought that they felt—when it dawned upon them that Germany had lost the war. Thus: "Sunday, October 5.—The morning paper—Peace offer. Kaiser's Rescript. The sun rises among the autumn mists. Nobody talks about it. At other times the trains were full of war talk. Today all is silence; one cannot talk about it with strangers, and doubtless everybody is at a loss to measure the historical importance of these hours. One stands helpless, as though one were trying to stop a rushing stream with one's hands. But over everything is the feeling of pain and shame, with which one fights hotly and bitterly. "Tuesday, October 6.—How can we work at a new world in a community of nations as the scapegoat on whom alone is to be revenged a disaster which all have shared? We are to repent. In so far as there is need for repentance about the mad battle of destruction of these four years, let the whole world repent of it before God! Whom it is our duty to repent of? Whom it is our duty to repent of? We can repent only in the great common sense—as surely got before other men as our betters."

"Wednesday, October 7.—Wilson's answer came out this afternoon. Doubtless we expected it thus. Yet it hits us now like a stunning and blinding blow. Saturday, October 10.—The German answer still does not come. Late in the autumn evening comes the cry of 'extra edition' from the street. The people pour out of all the houses, grope their way through the dark streets following the cry, and then gather round a street lamp which is almost too dim for reading the quickly and badly printed words. It is good to find that the note does not contain a single unnecessary word. It all is only an expression of necessity."

TO DISCUSS ARMISTICE

Representatives of Allied Governments Will Meet in Berlin Soon

Amsterdam, Nov. 28.—Representatives of England, France and the United States, will shortly arrive in Berlin to discuss armistice conditions, the Berlin correspondent of the Cologne Gazette learns from a reliable source.
